Day 2 of [@euro_rust](#) is about to begin! We're thrilled to be amongst members of the European Rust community who came out to connect with and learn from one another.

@ddorrt

First day of [#eurorust](#) is over... I can't say how much I missed in-person conferences and connecting with so many people I have seen just virtually, or never at all.

The day was filled with insightful discussions and a great atmosphere. Really happy that I'm taking part!

Thank you so much for this conference. All the organizers I talked to were super kind. The audience was awesome too!

I can't wait for [@euro_rust](#) 2 to happen

Two full days of conference take a toll! But it was amazing to be back at an in-person Rust conference 🔥

[@euro rust](#) sparked a lot of very interesting discussions and connections. I have more than a few follow-ups in mind.

Until next time I guess 😊
